

Multi-Agency Practitioner Forum (MAPIG)

Local Child Safeguarding Practice Review (CSPR): Improving Practice with Reflective Learning.

The new review process as set out in *Working Together to Safeguard Children 2018* (formerly Serious Case Reviews) will enable practitioners to reflect on how our multi-agency safeguarding practice can be continuously improved to offer effective safeguarding services for all children and families in Somerset.

These MAPIG events will provide an opportunity for all practitioners, within a multi-agency environment, to consider the learning from the SSCP most recent reviews and how all partners can work together to continue to build on existing strengths, discuss solutions to barriers to effective working and avoid recurrent themes to improve safeguarding practice for children in Somerset.

The sessions will look at key components of multi-agency working – Early Help Assessments, Team Around the Child (TAC) activity and the role of the Lead Practitioner - and how to ensure families receive the right level of support. We will reflect on what families have said about how to improve the services we offer.

They will also consider features of neglect, particularly for unborn and very young babies, and how best to act on these at the earliest point
